[illegible] Hon'ble Dr Sir, DavaPrasad Sravadhikary K.T.C.S.I. [illegible]

[illegible]

PRESS COMMUNIQUE

The 10th July 1920

The Government of India announced in their Resolution No. 192-E. A., dated the 1st April 1920, that recruitment to the upper subordinate establishment of the Public Works Department would be discontinued except from amongst those students who were in the upper subordinate classes at the engineering institutions on the 1st February 1920. With the sanction of the Government of India, it has now been decided that students admitted to upper subordinate classes of the Bihar School of Engineering, not later than the 31st July 1920, will, in this respect, receive the same treatment as if they had been admitted before the 1st February. It is therefore notified for general information that no appointments to the upper subordinate establishment of the Public Works Department will be made from amongst students who join the Bihar School of Engineering after the 31st July 1920.

"The Oriya Movement" Costs of Publication

The authors of "The Oriya Movement" issue the following note to the Press:—

Publicity has been given in the body of the book "The Oriya Movement" and by the then Secretary of the U. U. Council at the last Puri Conference that the Hon'ble Mr. M. S Das C. I. E. of Cuttack bore th[e] cost of publication of the volume. In view of this and by reason of wha[t] has really been the case, the pres[ent] note now becomes necessary. T[he] announcement in question was ma[de] in anticipation, on the strength [of] an express voluntary promise [on] the part of the Hon'ble Mr Das. W[e] received from him Rs. 300 as first instalment just before printi[ng] began, the rest of the money bei[ng] forthcoming neither at the time [of] payment of the bills nor till date [of] writing. The money required ha[s] by now been paid entirely by one of the authors. In the circumstances, the authors fear that on account of what has happened and also because of the present not[e] the three hundred rupees whic[h] Mr. Das had given should be returne[d] and this they will do at the earliest opportunity despite the unforeseen difficulties placed in their way. As previously announced the profits if any, (not proceeds) from the sale will go to a public library.

This note has to be construed as having been necessary because of the two public statements above referred to.

Niranjan Pattnaik

To

The Director of Public Instruction, Behar & Orissa.

Through

The Inspector of Schools, Chota nagpur Division, Ranchi.

Sir,

I respectfully beg to approach you with the few following lines, which, I ferventiy hope, will receive your most favourable consideration.

That, in number, the Oriyas are the largest of all the Aryans in the District of Singbhum is a fact beyond all possible shades of disputation. But it is much to be regretted that for want of suitable arrangements for the study of Oriya, the Oriyas, the genuine children of the soil lag behind their neighbours in educational matters. Thank[s] to the kindness shown quite of la[te] by the Government as well as by t[he] educational authorities to the Oriy[as] of the District 14 L. P. (Lower Prima[ry]) schools have already been started [in] different localities in this District including Dhalbhum. Besides, in Seraikella and Dharsawan two Oriya Feudatory States in the District, arrangements have been made for the study of Oriya alone to the entire exclusion of al[l] other vernaculars. But for want o[f] Guru-training schools in this Distric[t] Guru-training passed teachers have [to] be brought from the distant Oris[sa] Division for the said L. P. schools start[ed] in the District. In such an arrangement, however, the vital questi[on] concerning distance comes in, subs[e]quently resulting in the payment [of] larger and more wholesome salari[es] than otherwise necessary, to the Guru-training passed teachers. Thus it is quite transparent to see how the public have to struggle through various disad[-]vantages and meet out a larger e[x]penditure than is adequate, for [the] smooth conduct of the said L[. P.] schools and for their further extensi[on].

In this connection, the Singhbh[um] Utkal Sabha, in its sitting on the 1[..] of May, 1920, realising, as it does, [the] manifold disadvantages which t[he] Oriya public have to face, under t[he] head, requested you to open Or[iya] Guru-training schools in the Distric[t].

I, on behalf of the entire O[riya] population of the District request [you] earnestly to open Oriya Guru-train[ing] schools at Chakradharpur and Narsi[ngh]garh, two important centres in th[e] ... since and, as long as they have [not] been opened to make such arrangements in the existing Bengali and Hindi Guru-training Schools in Dhalbhum and Chainpur that people may receiv[e] necessary training through the mediu[m] of Oriya.

And for this act of kindness [the] entire Oriya Population of the Di[strict] will ever remain grateful to you.

I beg to re[main]

Sir,

Yours most obediently

(Sd) Pandit Krisna Chandra Acharjya

Dated Kharsawan the 5th July 1920.

(Singbhum)

The Editor of Dipika

[illegible] cholera has begun to rage with [vio]lence in the town. There have [bee]n several deaths. While the [tow]nsmen are taking precaution in [thei]r respective houses against the [ep]idemic, the Municipality is rather [spre]ading the cholera germs through [the] whole town by sprinkling cesspit [wat]er on the roads through their leaky [cart]s than taking any precautions for [che]cking the spread of the disease. [No]thing can be more deplorable than [th]is and the Municipal Commissioners [w]ho had a hand in the selection of [t]he Chairman and the Vice chairman [m]ust thank themselves for their sense [of] dutifulness. It is simply inex[plic]able why Mr. smith inspite of his [a]ge and Service under the Govern[m]ent sticks to the Municipality as [a] leech though he cannot do his [d]uty conscientiously. The price of [the] iron carts used in the town for [re]moving cess pit water is simply pro[h]ibitive for a poor Municipality like Cuttack. Can not a sufficient number [of] wooden barrels be made to re[p]lace the iron ones? By the intro[du]ction of wooden barrels not only [wi]ll the needs of the town be [m]et but that a few people of town [w]ill be provided with labour. Another [b]eautiful arrangement of the Munici[pa]lity is that the whole of the cesspit [wa]ter from any pit is never remov[ed at] any time but only a few bucketfuls [w]hich makes the pits overflow before [ano]ther twenty-four hours is over. [H]owever, a number of prosecutions [ha]ve been started against some of [th]e rate-payers for allowing cesspit [w]ater to overflow and run into munici[pa]l roads.

The "Who"

Mr. Horne *vs.* Mr. Das or vice versa Mr. Das is a grammarian and therefore grammatic and has therefore been able to explain in his own way what he meant and said about foreigners and the "cats and dogs". He is a lawyer of the first cut and has also shown a deal of forensic art and skill. But where was the necessity for such a long apologia? If we were he, we would not have taken any notice of Mr. Horne's letter. He has written a letter which has taken two columns and a half of our contemporary the 'Oriya' He has tried hard to explain himself but has he been able to convince Mr. Horne? We doubt very much. Explain he must but he could have done so in a few words in "a single sentence of not more than 25 words" Any one who had to deal with the "foreigners" whom Mr. Das meant knows well and well enough whether the Indians are not treated as "cats and dogs". This is almost an every day occurrence. We need say no more. We accuse both Mr. Horne and Mr. Das that they have unnecessarily spent a deal of energy and breath which could have been reserved for a better purpose.

—oo—

Scarcity in Bihar and Orissa during 1918 & 1919.

The following is a summary of a most important and interesting Resolution on the subject which has recently been issued by the Local Government.

Agricultural conditions in Bihar and Orissa were prosperous, and the outlook was hopeful in the spring of 1918. There had been good harvests in the two previous years; and this fact combined with the diminished transport facilities had led to a considerable increase in the stocks of food-grains. In April, 1918, the average retail price of common rice at six district head quarters was as low as 12-5/16 seers per rupee. The monsoon of 1918 began well, and the rainfall was plentiful up to the end of June. The greater part of July was rainless, however; and practically no rain fell over the greater part of the province from the middle of September onwards. This deficiency in the rainfall gave rise to serious misgivings; and the average price of rice rose to 8-13/16 seers in September. At the end of March, 1919, the average price of common rice was in the neighbourhood of 7 seers; but after this date it rose steadily, and by the 8th September the highest point of 4-11/16 seers per rupee was reached. The excellent winter rice crop and the plentiful *rabi* crops of 1919-20 resulted in a considerable fall, and now the average retail price is about 6 seers a rupee. The fact that the price still remains unusually high is, it must always be remembered, mainly due to causes which have lowered the purchasing power of money and raised the prices of every sort of commodity the whole world over. It is also due, no doubt, to the great depletion of stocks in 1919.

One special feature of the recent scarcity, which greatly added to the anxieties of the government and to the difficulties of relief operations, was the extent of the area affected. The Patna and Tirhut divisions and the portion of the Bhagalpur division lying to the north of the Ganges were the least affected; but, apart from these areas, the scarcity may be said to have been general. Actual famine was declared, however, only in the Sadar sub-division of Angul, the Banka and Sadr subdivisions of Bhagalpur, and the Deoghar subdivision of the Santal Parganas.

From October, 1918, when the first effects of the drought began to be evident, the situation was under the close observation of the local officers. In Angul the situation rapidly deteriorated. The land revenue falling due on the 15th November was suspended; and the reserve forests were thrown open to the people at the beginning of November. Famine was declared in the Sadar Subdivision of this district on 1st May, 1919. In the early part of 1919 test works were opened at several places in the Ranchi, Hazaribagh and Singhbhum districts. In Singhbhum railway construction gave employment to considerable numbers. The response to the test works opened in Chota Nagpur, however, was poor. This apparent anomaly is explained by the readiness of the population to emigrate in search of work. Thus from the Ranchi District alone, between 1st September 1918 and 31st August 1919 no less than 100,407 adults emigrated to Assam and the Duars through the agency of the Tea District labour Association. Emigration from other districts was also on a scale much higher than the normal. In certain cases, it should be added, it was necessary to empower the local officers to commandeer stocks unreasonably withheld from the market.

The situation in Sadar and Banka subdivisions of the Bhagalpur district was aggravated by heavy rain and floods in the months of August and September 1919; and rendered necessary the continuance of gratuitous relief until November 1919. The maximum number of persons in receipt of gratuitous relief was 20,000 in the month of September. In the Santal Parganas there was little cause for anxiety up to April 1919. Emigration to Assam was brisk; and private charity, combined with a liberal distribution of takavi loans, was sufficient to meet the situation. Famine, however had to be declared in the Deoghar Subdivison on 21st June. In other parts arrangements were made for opening test works, and for the distribution of gratuitous relief. The situation in the Santal Parganas was at its worst in early September, when over 13,000 people were in receipt of gratuitous relief.

Of all the scarcity areas the districts of Orissa have occasioned the greatest anxiety to the Government. Distress appeared simultaneously in the districts of Cuttack Puri and Balasore early in 1919. In Puri the situation was complicated by the presence of a considerable population of beggars who, in normal years live upon charity. At the end of April this population had begun to wander, showing that private charity was drying up. In May a district relief Committee was formed to undertake the distribution of gratuitous relief. The monsoon of 1919, which relieved the strain in other parts of the Province, brought little relief to Orissa. Exceptionally heavy rains in August produced serious floods in certain parts of the Division. In the Cuttack district gratuitous relief, which had been closed in September, 1919, had to be reopened again for a short time in October. In Puri the situation was rendered still worse in some parts by more floods in November, which severely damaged the spring crops. The Puri district is still engaging the closest attention of Government.

One important feature of the recent scarcity was the small number of people attending the test and relief works, and the large number seeking gratuitous relief. For this too causes were responsible. First, the improvement of communication and the development of industries made it possible for the able-bodied to secure employment on more attractive terms by migrating. The second cause is to be found in the heavy toll which the influenza epidemic took of the able-bodied population. All officers bear testimony to the large number of destitute women and children who had to be relieved gratuitously in consequence of this. There is evidence also of increased staying power on the part of the people.

The direct expenditure incurred by the Government on famine relief operations amounted to about 9 lakhs and 25 thousand rupees. Besides this, the Public Works Department spent over Rs 40,000 on works calculated to give employment in distressed areas. Rs. 16,000 was also spent from the Board of Revenue budget for the improvement of government estates. In Angul the collection of the land Revenue amounting to over one lakh of rupees was suspended. Land improvement and Agriculturists' Loans given by government in the districts chiefly affected amounted to nearly 14 lakhs. It is impossible to give within a small compass an account of the sums spent by District Boards, District Relief Committees and Charitable organisations. The four District Boards of Manbhum, Bhagalpur, Puri and Cuttack together spent over one lakh on works for providing employment. The Manbhum District Board also sold cheap grain at a loss of Rs 35,000. In Puri Rs 30,000 was spent from the Anna Chhatra funds; and the Marwaris of Cuttack were specially generous in feeding the poor.

Special Qualifications of candidates at the forthcoming elections

The following note is issued for general information:—

Under Rule 6 of Part II of the Bihar and Orissa Electoral Rules, a Muhammedan or non-Muhammedan or European can stand as a candidate for election in any of the general constituencies, if his name is registered as an elector in any general constituency in the province. All constituencies, except the Landholders, University, Planting or Mining seats, are included in the term general constituency. In consequence of a representation that the draft rule is contrary to the Congress League Pact, the matter has been further considered by the Local Government and has been referred for the orders of the Government of India.

Puri Famine.

Non-official Relief in June.

The Peoples' Famine Relief Committee had during the month 20 centres of relief from which 695 hamlets and villages were served. The total number of persons relieved at the end of the month was 9,577 consisting of 1,642 men, 3,711 women and 4,224 children. The scale of rations had to be lowered during the month from the Famine Code scale to that actually given by Government, to ensure that people from adjoining Government centres did not leave them for this Committee's centres. The Committee had also three rice golas (shops) in running order at Puri, Satyabadi & Satpada, the aggregate daily sale being about Rs. 420-0 monthly, about Rs. 12,600.

On account of the absence of village panchyats as well as of revenue establishment in this province and also of means of communication, it is not possible to provide relief in each and every village. Persons in need of relief have therefore necessarily to come to central villages, called centres of relief and in this process those that are bedridden or too emaciated to walk a few miles remain mostly unrelieved. As a result thereof relief is not perfect and a few cases of deaths due to starvation were reported and continue to be reported.

The Committee gratefully acknowledges public contribution, which amounted during the month to Rs. 43,859-6-3 bringing the total of contributions to date to Rs. 70,304-12-6. The greater part of our funds is supplied through the efforts of Mohatma GANDHI, who has taken a special interest in this unfortunate district. Two loans of Rs. 10,000 each have also been given, by large-hearted Bombay merchants as loans without interest for running rice golas for sale at a slightly reduced rate, the loss being paid from the Charitable fund. The total expenditure during the month for purchase of rice, cloth and other expenses was Rs. 29,914-6-9 bringing the total expenditure to date to Rs. 46,238-10-0. More money is needed as relief will have to be continued to October, and perhaps November and more persons will have to be relieved during the rains.

S. C. Ghosh
Secretary.

Puri, The 21st July 1920. } T. Pujari Chairman S. L. Board, Puri.

No. 480 NOTICE

Young men of respectable parentage, who wish to apply for appointments as Sub-Inspectors of Police, are invited to submit their applications by the 1st September 1920 to the Superintendent of Police of the district in which they reside. None need apply who is not a native of or domiciled in this Province or who has not passed the Entrance or Matriculation Examination of an Indian University. Candidates must have a fluent knowledge of English. Preference will be given to graduates and undergraduates and to natives of a Commissioner's Division in filling up the appointments allotted to it. A limited number of applicants who have obtained the B. L. degree will be appointed to a higher grade, and, if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the post of Court Inspector.

2 A few of the appointments are reserved for applicants who possess a fair knowledge of English shorthand and typewriting.

3 (a) The pay of Sub-Inspectors will run in five grades of Rs. 50 Rs. 60 Rs. 70 Rs. 80 and Rs. 100. These rates are, however, under revision.

(b) During their period of instruction at the Training College, probationary Sub-Inspectors will receive Rs. 25 a month as salary.

(c) Officers holding substantive appointments in other departments of Government service, who may be appointed probationary Sub-Inspectors of Police, shall draw, while at the Training College, the pay of the grade to which they have been appointed or the pay of their substantive appointment, whichever is less, subject to a minimum of Rs. 25.

W. Sealy,
Personal Assistant to the Inspector-General of Police, Bihar and Orissa, Patna.

ଉତ୍କଳଦୀପିକା ।

Flood, rescue and relief.

Orissa is notoriously the land of flood, famine, drought and death. These are yearly visitations in some shape or other. Horror of horrors is written on her forehead or Kapal. Suffer she must from the viccitudes of circumstances over which there is no control. If Orissa has no history, it has at least a history of flood and famine recorded in lines red. What is written is written and the history is there and it repeated last week. The week, just passed over, has been one of deluge not flood all over and the week end saw, as if the "windows of heaven were opened" Devastation all over and all round with no Noah's ark. Heaven poured and the earth ached, but God's mercy came at last and came through his agents who represent Him on earth, and that is our representatives of the Government in Orissa. The Government is benign but is not omnipotent nor omniscient. The watchful Dist. Officer Mr Briscoe, the thoughtful Divisional Head the Hon. Mr. Gruning, the lynx-eyed Superintendent of Police Rai Bahadur Mohapatra did all that they could for rescue and relief. More than one ark went out though "the waters prevailed exceedingly upon the Earth." Six came from Calcutta, and 21 went from Cuttack loaded with provisions. Rescue there was and relief certainly. With flood ahead, there has been a flood of administrative measures all ageing, watchful and working. The Commissioner has handed over 20,000 rupees, besides numberless bags of rice both to Jajpur and Kendrapara and to the rest of the flooded tracts known as "Dhoyā Mahal" and if our information is correct an indent has been made for ten thousand tons of Burma rice. Night and day, day and night our Mr. Briscoe is grinding himself to see that nothing fails, nothing left undone or half done. Then there were other agents, the first and foremost were the young student volunteers up to anything. Mr. Thakker was also on the field or rather to be appropriate on the waters. The two Hon'ble Dases always on the look out. Each has done his might for rescue and relief. It is always a passion now-a-days, need we say, fashion to run down and abuse the administrative bureaucracy but one who has eyes ought to come and see what the much abused civilian bureaucracy in Orissa is doing. Our District Magistrate Mr. Briscoe, our Supdt. of Police Rai Bahadur Mohapatra and our Commissioner the Hon'ble Mr. Gruning at the helm are proving themselves the real *ma bap* of the people in distress now. We need not say anything more now and more anon.

—o—

THE VISIT OF THE PRINCE OF WALES TO INDIA.

It has now been announced that H. R. H. the PRINCE OF WALES will visit Patna on the 27th and 28th January, 1921. On the 3rd July last, a public meeting was held at Patna under the Chairmanship of His Honour the Lieutenant-Governor, which was attended by persons entitled to speak on behalf of every section of the community of the province of Bihar and Orissa. It was unanimously resolved that a loyal and enthusiastic welcome should be accorded to His Royal Highness on the occasion of his visit to Patna, and a general committee with His Honour the Lieutenant-Governor as President, and the Maharaja-dhiraj of Darbhanga and Mr. Saiyid Hasan Imam, as Vice-Presidents with members representative of all parts of the province, was chosen to carry this resolution into effect. The arrangement of the necessary details was entrusted to an Executive Committee appointed at the same meeting, and authorised to raise subscription for the purpose.

The Executive Committee, after careful examination of the matters entrusted to them have come to the conclusion that while a portion of the money subscribed must necessarily be spent on the primary and immediate purpose of carrying out the directions of the public meeting to accord a dignified and impressive welcome to His Royal Highness, the bulk of the subscriptions should be devoted to the founding of some institutions of permanent utility to the people of Bihar and Orissa, which would be at the same time an enduring memorial of the Prince's visit. They confidently believe that this course will commend itself to the majority of persons in this province. No decision has yet been reached as to the form which this memorial should take. That will depend on the amount of money subscribed, and on public opinion which may find expression during the next few months. Two tentative Suggestions have, however, been put forward; one is that the money should be devoted to the fulfilment of the scheme for a Medical College in Patna, and the other is that the status of the Bihar School of Engineering should be raised to that of a College. To carry out either scheme, it is hoped to raise a sum of from 15 to 20 lakhs. Even if the permanent memorial were to take another form, a sum smaller than this would hardly suffice to make it worthy of the occasion or adequate to the needs and resources of the people whom it is intended to serve.

The Committee, therefore, have set before themselves the task of collecting the required amount and issue this appeal for funds in the confident expectation that the occasion and the purpose will alike commend themselves to the people of Bihar and Orissa and that it will meet with an enthusiastic and generous response. An account has been opened with the Bank of Bengal, Patna Branch under the style of "The Prince of Wales' Visit Fund" and subscriptions may be paid into that account direct, or to the undersigned. Cheques should be made payable to "The Secretary, Prince of Wales' Visit Fund".

BANKIPUR
The 17th July 1920 } (Sd.) JOHN R. DAIN.
Secretary to the Executive Committee.

EMIGRATION FROM INDIA TO AFGHANISTAN.

It appears that there has been a certain emigration movement recently from parts of India to Afghanistan. Those emigrants are known as Muhajirin and the Ittihad-i-Mashraqi has rendered a service by recently uttering a warning to the Muhajirin as to the difficulties that they will encounter in making their journey at the present season. It is not probable that there are many Muhajirin in this province. Nevertheless it may be worth while quoting the warning published by the Ittihad-i-Mashraqi which remarks that Muhajirin will have to encounter the severity of the hot winds blowing in the region between Dhakha and Jalalabad. The deserts of Dhora Gali and Bhati Kote which have to be crossed are impassable except in carriages. Numerous causes of sunstroke have occurred among travellers in this region. The lately arrived Muhajirin state that plague is prevalent in Peshawar and intending travellers must observe the necessary precautions against the epidemic.

It will be seen that those who contemplate making this journey should only do so after acquainting themselves with the difficulties they will have to face.

ଉତ୍କଳଦୀପିକା ।

The Flood.

We have been giving full details of the flood both in our English and Vernacular columns for the last two weeks. Hardly the great flood of the week before had subsided, it came again this week with a vindictive fury destroying and devastating and almost effacing the vestige of whatever remained after its first visitation. The Brahmani and the Baitarani rose again and simultaneously the Mahanadi and the Katjori, less only by a few inches or a foot or two. The flood, however, is subsiding or rather has subsided, but all the same, the mischief is done and done twice over. Of the Saradh crop nothing can be said definitely yet, but the Beali is gone. The Beali with its concomitant early sowings such as Mandia, Suan and others form the main support of the people for at least four months till the Saradh comes off full or half. These are all gone. People are homeless and foodless. Who knows if there will not be another flood and another and yet another, because, this is only the first week of August. We are not pessimists, but who knows, if these floods are not in the months, most critical months to come hereafter, followed by a drought or famine as is often the lot of Orissa which must have a visitation of flood or drought yearly and not unoften both. As it is, there is no help. The Sirkar is doing all it can. There has been no respite of relief measures. The local authorities are doing all they can in the circumstances. Relief centres have been opened newly in the flooded tracts and more will be forthcoming according to the reports and advises received from the special officers on duty. In the town of Cuttack, prices commenced to rise and the retail-sellers charged nearly five annas a seer. This came to the notice of our District Magistrate and he has therefore started five godowns in convenient centres where rice can be had for four annas or seventeen pice at the most per seer. The centres are at Chowdhry Bazar, Chandny Chowk, Telenga Bazar, Kanthai and Buxi Bazar.

Things are also as bad in the Puri District where the present District Magistrate Mr. Muzumdar is sleeping a crocodile's sleep. He is either vacant or sedentary or perhaps both. Nothing can move him and nothing moved him. He slept and kept on sleeping basking in the sun. But he is going away, we hope for good and is being replaced by a young European officer. Well and good. But we ask in all earnestness, why does our Government pitchfork these fossils as Dist. heads at the fag-end of their official life. They select Puri as the best and last of places and districts where these fossils could be sent to count their beads. We are glad that a young European officer is coming, but we ask again in all earnestness, was not there any one member in the provincial service of Orissa to manage the District knowing the people and place? A fossil is being replaced by a young plant but will it thrive on the new soil and its environments? Mr. Russell, no doubt, would prove a good dashing officer as young Civilians generally are, but after all what does he know of Puri country as he does at a time like this? A young Oriya Dy. Magistrate of proved merit ought to have been deputed in place of Mr. Muzumdar as we take it, but we dare not say that our Government has committed an "error of judgment."

—o—

Lokmanya Tilak.

So the 'Tilak Moharaj' is gone. "Moharaj" and "Lokmanya" of the peoples' adored is gone. India is poorer today than at any time before. She had her bereavements in the loss of some of her greatest of sons, but the one now lost to her is not only irreparable but incomparable. And at what a time and in what circumstances? The greatest and mightiest, the Luminary which brightened and enlivened the Indian spherical orb is set. India is left to lament but to lament is her lot or "Karmafala." The tears she is now shedding will not go for nothing. The divine Tilak is gone but is not dead. We will not see him in flesh and blood which are mere nothings but his departure only illustrates the truth of the saying [illegible]

[illegible]

The spirit infused and inculcated by him will live for ever and ever, till India's redemption comes. Intellectually, morally, spiritually and politically, he stands the very incarnation of all combined. We say once more, he is gone but not dead. Amen.

Electoral Rules.

The Electoral rules have been approved by Parliament in the form recommended by the Joint Committee with one exception. The franchise has been extended in favour of soldiers and any person who is a retired, pensioned or discharged officer, non-commissioned officer or soldier, is now eligible to be recorded as an elector in the constituencies of the Bihar and Orissa Legislative Council. The regulations for the preparation of the electoral rolls and their publication and revision, and the election of members will be published in the Bihar and Orissa Gazette of the 4th August. The rolls for the provincial Council and the Indian Legislative Assembly will be published in all villages, municipalities and Cantonments within the next week or ten days. Persons who wish to make objections or claims may file petitions within fifteen days from the date of the publication of the rolls in the manner explained in the notice which will be published with them.

The list of electors for the Council of State and for the European and Landholders' constituencies will be published only at headquarters of district and subdivision at the office of the Magistrate.

Copies of the rules and regulations can be purchased at the Gulzarbagh Government Press, after the date of their publication in the Gazette.

Patna University Seat.

The register of electors for the election of a member to represent the Patna University will consist of graduates of over seven years' standing who are registered as graduates by the Registrar, on payment of the prescribed fees. Under the terms of the notification which has been issued by the Local Government, the Registrar must prepare the electoral roll for publication by the 31st August. Graduates who have registered their names by that date, will, therefore, be eligible to be enrolled as electors, if they are of the required standing.

To

The Editor of the Utkal Dipika.

Sir,

I shall be much obliged, if you be pleased to publish the following in your esteemed journal.

I am surprised to find it asserted that the Kujang estate had done all that it could do to relieve *distress* due to failure of crops. I know the entire Romita pergannah which forms a part of the said estate was washed away by the July floods of 1919 so much so that not a single sheaf of corn was visible on the fields. I am a resident of a village which adjoins the Kujang estate and have intimate knowledge of many people of the surrounding locality. What came to my notice would stagger humanity. People were actually living on roots, herbs and leaves and never intended for human consumption; yet nothing materially had been done to help them in any way, and nothing perhaps would have been done, had not Rai Bahadur Srikrishna Mahapatra visited those parts during his inspection-tour and had not the Collector of the District started relief works immediately. It has become a fashion of the day to abuse the Government, but we never, for a moment, pause to think whether we have done our part of the work. It [illegible] hoped that the appearance of the [illegible]llector on the scene would be an [illegible]-opener to those who have so [illegible] treated the situation with [illegible]ousness. It now remains to be [illegible] assistance has been given [illegible] terror-stricken tenants of [illegible] during the recent disastrous [illegible]

[illegible]th July 1920 } Yours truly
Cuttack. } [illegible]

This is to give notice that this Court has fixed the 21st August 1920 for hearing of the said petition. Any one desirous of being represented in the matter should appear in person or by duly instructed pleader on the date fixed.

Judge's Court, Cuttack 2-8-1920. } F. F. Madan District Judge.

No. 497 Timber Sale Notice

An auction sale of approximately 6896 Sal, Piasal and other trees marked for felling in eight different lots in the forests of Angul Forest Division will be held by the Divisional Forest Officer in the Angul Forest Office on the 24th August 1920, commencing at 12 noon.

Bids will be called for the total number of trees in each lot. The Forest Officer is not bound to accept the highest or any bid and reserves the right to group two or more lots together if such an arrangement appears likely to attract intending purchasers.

The sale is not final until ratified by the Conservator of Forests, Bihar and Orissa

For conditions of sale, apply to the Divisional Forest Officer, Angul (Orissa).

Ranchi: The 31st July 1920. } Offg. Conservator of Forests, Bihar and Orissa.

No. 480 NOTICE.

Young men of respectable parentage, who wish to apply for appointments as Sub-Inspectors of Police, are invited to submit their applications by the 1st September 1920 to the Superintendent of Police of the district in which they reside. None need apply who is not a native of or domiciled in this Province or who has not passed the Entrance or Matriculation Examination of an Indian University. Candidates must have a fluent knowledge of English. Preference will be given to graduates and undergraduates and to natives of a Commissioner's Division in filling up the appointments allotted to it. A limited number of applicants who have obtained the B. L. degree will be appointed to a higher grade, and, if they subsequently give proof of special aptitude for conducting prosecutions, may look for special promotion to the post of Court Inspector.
